

## CAMP CLASSEN YMCA GEOCACHE COORDINATES

### INSTRUCTIONS

1. Geocaching is a great way to enjoy the outdoors with your family. Now you can bring your own hand held GPS (*Summer Campers will use the camp GPS.*) and explore the incredible Camp Classen property.
2. We have hidden 10 geocaches on the camp property.
3. They consist of plastic Water-proof boxes like the one pictured here. There are 8 regular caches which are “blue” and the 2 bonus caches that are “red” in color; 5 total caches for each camp area.
4. Each one contains a spiral notepad and pen which you can sign and date to record your discovery.
5. Numbers 001-004 are hidden around 89er Village; A-D are hidden around Main Camp.
6. Each camp has a 5th bonus cache (red plastic Water-proof boxes) and are hidden in such a way to make it more difficult to find even if you have found its coordinates.
7. In addition to the notepad and pen, the bonus cache also contains a Camp Classen YMCA dogtag with the words “Bonus Geocache” stamped on it which you can bring back to one of the camp directors to claim a small prize.
8. Enter the coordinates below as waypoints in your GPS. Use the corresponding numbers for your waypoints and use the “Go To” feature on your GPS to locate a cache.
9. Please replace Geocache boxes as you find them out of respect for future Geocache
